

Terry Hockley

Senior Operator/Trainer

Experience
Is the Difference.
xcgtraining.com

Terry has over 30 years of experience in the Municipal Water Industry. His areas of specialization include the Operation, Maintenance and Management of Municipal Water Treatment Plants and Distribution Systems. He was the Water Superintendent during the Cryptosporidiosis event in Collingwood in 1996 and at Walkerton's request worked with them on the Distribution system in Walkerton May 23 to 27/2000 giving his reports to OCWA when they took over on May 27th.

He has been involved in the upgrade and technology selection for water plants in a number of municipalities and assisted with the environmental certification process for both water and wastewater plants. He has delivered classroom and hands-on training courses to operators across Ontario, including the MOE Inspector Water Distribution Training (theory and hands-on).
